

Nova Manual

GLIDE AWAY AUTO RETRACTION

Indigo Screens Nova Manual Front Projection Screen, Robust and Stylish

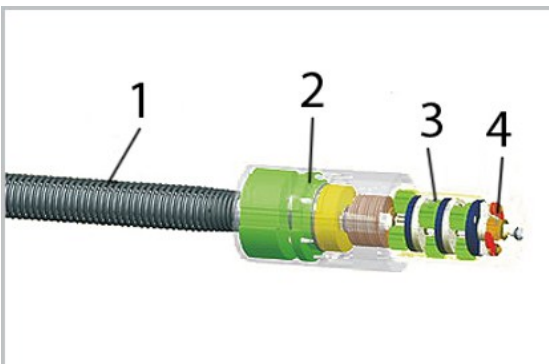

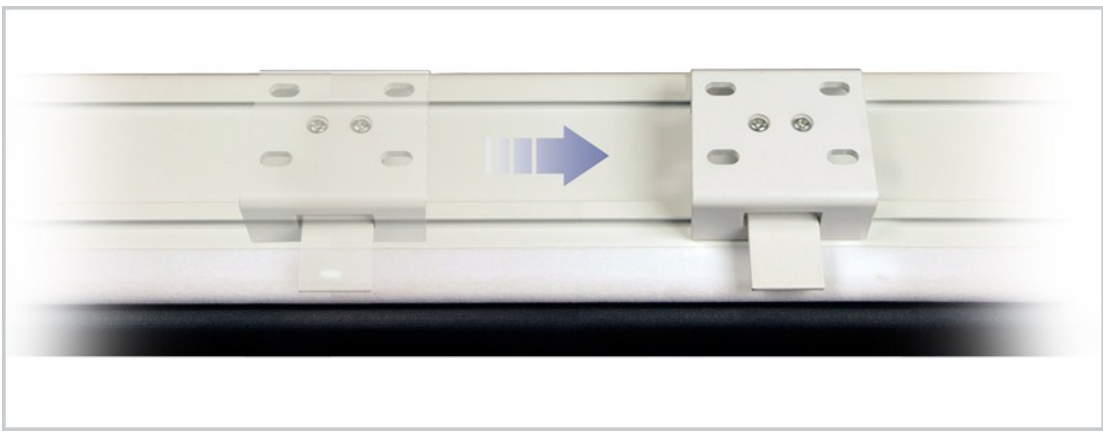

Our Nova Manual premium grade front projection screen is Indigo's top end model for the home theatre enthusiast. With superb European CAD designed construction and modern contemporary lines, the Nova Manual creates a professional cinema experience in your very own home. The elegant powder coated white aluminum housing is rust resistant. Designed with the best quality matte white screen fabric, colours are vivid and crisp, 1080p HD will never look better.

Cutting-edge technology has been applied to the Nova Manual with a pioneering patent slowdown locator, allowing procession closing. Equipped with CRS (Controlled Retracting Screen) device operation becomes easier, safer and smoother. "Self Lock Plus" is a new technology of a three gear group design, whereby the user can easily stop the Nova Screen at any vertical position desired.
